EXPERIENCE GUIDE FOR ENGAGED COUPLES

HEY THERE!

WE'RE SUPER STOKED YOU'RE HERE!

We're The Bingham's, a Husband and Wife photo-video team based in Atlanta Georgia. We pride ourselves on servin' up killer photos & films to creative, unique, and head-over-heel couples!

Christina here! I head up the photography end and ensure your relationship is captured true to form. A photo shoot with me usually involves silly exchanges, wind blown dresses, authentic laughs, hands in the hair, & eyes that can't stop staring at each other! I also lead all things on the business end. Consider me the perfect blend of Left Brain - Right Brain with a dash of sarcasm to keep it exciting. ;)

Grant is the creative genius behind our film production. He nails the vibe of the day and forever memorializes the emotions exchanged between his subjects. As a self proclaimed music enthusiast he also knows how to coordinate the perfect mix of sound and footage to make your Mama ugly cry.

OUR STYLE

Spoiler Alert: We don't do "Say Cheese".

PROMPT DRIVEN INTERACTIONS
NO STUFFY PROM-POSE BULLCRAP

We take our couples relationship into consideration with each wedding we capture and use personality tailored prompts to get you interacting with one another, while simultaneously making you feel comfortable and looking natural in front of the camera.

We compliment that with an intriguing & timeless editing style so you don't look back with regret in 20 years.

WHAT TO EXPECT

Each couple we work with gets our full attention. We like to cap ourselves at 25 unique commitments a year, that way we are able to deliver exceptional service and attention to detail with each of our clients.

Every service with us includes a customized day-of wedding timeline specifically focused on photo & film. We work hard to ensure no moments are missed and that your day feels relaxed and stress-free.

We'll hold hands as we help navigate you through the planning of your wedding day. We'll contact vendors behind-the-scenes so you can worry about more important details, like if your dog can handle the responsibilities of being the ring bearer.

You can rest easy knowing your day is in the hands of experienced professionals that specialize in delivering emotion filled photos & film, that convey your unrivaled relationship and the beginning of your journey as a married couple.

"UNIQUELY CRAFTED EXPERIENCES FOR PEOPLE IN LOVE."

F A Q

WHY SHOULD WE BOOK PHOTO & FILM TOGETHER?

SIMPLY PUT. WE'RE A GREAT TEAM!

We get complimented constantly on how well we work together! We know the next move the other person will make before it even happens. This ensures you get the best possible finished product from both ends, with zero issues, period.

DO YOU OFFER PAYMENT PLANS?

WE SURE DO!

We get that this is a large investment and we're here to make it as easy as possible.

DO YOU TRAVEL?

ABSOLUTELY!

We love when a couple is up for an adventure with us. We've been doing destination weddings our whole career, just tell us where and we'll be there!

HOW MANY PHOTOS WILL WE RECEIVE ?

GREAT QUESTION!

Every wedding is different but on average our couples receive about 400-600 fully edited digital images within their online gallery.

CAN WE DOWNLOAD & PRINT OUR OWN PHOTOS?

TOTALLY! IN FACT WE ENCOURAGE IT!

Don't leave those memories on your desktop, share them with family & friends! In addition to being able to print them yourself, we also offer easy ordering through our own professional grade printing lab!
